

Homeowner Owned Cart Use Program

(STICKER PROGRAM)

The Town of Stratham (Town) has entered into an agreement with Casella Waste Management of Massachusetts, Inc. (Casella) to provide automated curbside collection of trash and recycle services. The automated collection program will utilize carts owned, distributed and maintained by Casella to each household in Town. Each household will receive one (1) trash cart and one (1) recycle cart. These carts are to be used by each household during the term of the agreement with the Town.

Based on resident feedback and to minimize unnecessary waste disposal, Casella and the Town have developed a program to allow residents that already own a cart designed for automated collection to continue to use that cart in lieu of receiving a cart delivered by Casella. This is not a mandatory program and is at the sole discretion of the homeowner to participate.

Terms and Conditions

- Resident is required to register all personally owned carts with the Town no later than January 1, 2021
- Resident will be provided specific stickers with the Town's receipt of this registration form
- Resident is authorized one (1) Trash Cart and one (1) Recycle Cart
- Resident is required to affix Town provided sticker to personally owned cart in order to designate it as part of the automated collection program
 - Sticker must be affixed to the center top lid of cart
 - Sticker will designate material to be collected; trash or recycle
- The Town and or Casella will not be responsible for any damage caused during collection services of personally owned cart(s). If the personally owned cart is damaged or worn out or no longer usable, Casella will provide the Resident with a new cart designed specifically for automated collection.
- Homeowner owned carts are required to adhere to the cart placement instructions provided within Casella's Curbside Container Placement Guide found inside of the provided Customer Care Packet or web-link below.
